

2006-2016: 10 years of the 2006 IPCC Guidelines. Way forward to support
the Paris Agreement

**Collaboration between the UNFCCC and IPCC
to support non-Annex I Parties strengthen
transparency in their national GHG inventories**

Bonn, Germany, 20 May 2016

Background and Mandate

SBI 42 Conclusions on Financial and Technical Support

(FCCC/SBI/2015/10, paragraph 29)

“The SBI noted the **requests from non-Annex I Parties for further technical support aimed at improving** their domestic capacity to facilitate continuity in meeting reporting requirements through **training on the use of the Intergovernmental Panel on Climate Change (IPCC) 2006 IPCC Guidelines for National Greenhouse Gas Inventories**, **building sustainable national greenhouse gas inventory management systems**, and understanding and applying best practices relevant to the setting up of domestic measurement, reporting and verification systems. It encouraged the secretariat, in coordination with UNEP and the United Nations Development Programme (UNDP), to make every effort to ensure that the relevant training is made available to all non-Annex I Parties.”

More information is available at <http://unfccc.int/resource/docs/2015/sbi/eng/10.pdf>

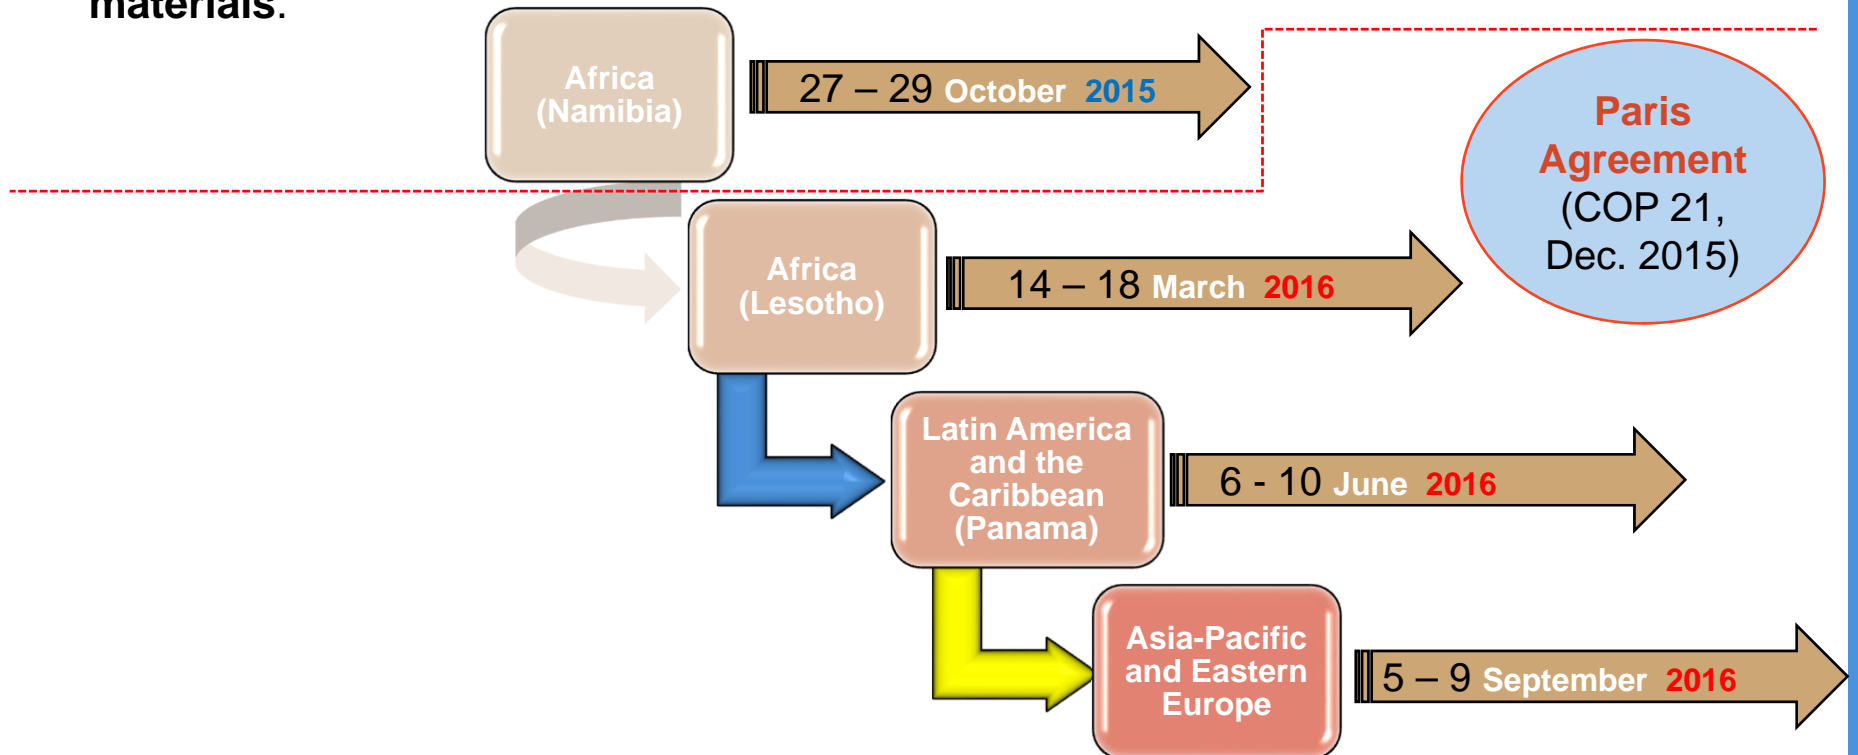

Memorandum of Understanding between UNFCCC and IPCC

- **MEMORANDUM OF UNDERSTANDING** between the secretariat of the UNFCCC secretariat and the secretariat of the IPCC was signed on **22 January 2016** to, among other things, **collaborate in responding to the mandate given to the UNFCCC secretariat by the SBI at its forty-second session.**
- **Enhanced collaboration** between the UNFCCC and IPCC.

UNFCCC Regional Hands-on Training Workshops (2015 - 2016)

- The **UNFCCC regional hands-on training workshops** are conducted in **collaboration** with partner organization (**IPCC**) and the **CGE**, using **IPCC and CGE training materials**.

- Primary objective**: providing tools to establish or strengthen national institutional arrangements to support **enhanced reporting** of *national GHG inventories*, linking it with the use of the **2006 IPCC Guidelines**.

On-line Training and Certification on 2006 IPCC Guidelines

- Following each regional training workshop on institutional arrangements and use of 2006 IPCC guidelines, subject to availability of funds, the UNFCCC will enrol national experts to **e-learning and certification courses** of the **Greenhouse Gas Management Institute (GHG MI)** on **2006 IPCC Guidelines** for national GHG inventories (**up to 10 persons per country per year**).
- The UNFCCC secretariat will, subject to availability of funds, **translate the GHG MI e-learning courses** on 2006 IPCC Guidelines into **French** and **Spanish**.
- Programme to support training and certification of national experts planned to run **from 2016 to 2021**.

Thank You!
