GL_E_001	Feest, Alan		7733		The Glossary should include a definition of biodiversity based on Feest et al. and De Baan et al. or at the very least the CBD definition (which is not helpful)		Reject. The definition of biodiversity is beyond the scope of the Volume and therefore is not needed in the glossary.	
GL_E_002	HERNANDEZ-TEJEDA, TOMAS	GLOSSARY	7748	7749	My suggestion is to include the term: "devegetation", which is discussed widely in the "IPCC Report on definitions and methodological options to inventory emissions from direct human-induced degradation of forest and devegetation of other vegetation types, to the list of definitions". ISBN 4-88788-004-9 (IPCC, 2003).		Reject. The glossary is intended as a guide to terms and concepts included in the Volume. As the term "devegetation" is not included in the Volume, there is no need to report a definition in the glossary.
